- 1) The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the cited prior art does not show a method (claim 31) or a machine line (claim 51) for the manufacture of paper that includes forming a web, short circulation of stock, wire and press section, drying, pre-calendering and pre-coating followed by further simultaneous coating of both sides of the web and associated drying and calendaring; even though the individual groupings are known in the art there is no teaching to combine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

- 2) Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Halpern whose telephone number is 703-305-

4522.
